WALLACE REID'S NEW PICTURE

Wallace Reid's new Paramount Picture, "The Dub," is the story of a man who made good. One man sees him flinch in a trivial test of his nerves and decides that he is a coward. The narrative shows in swiftly moving dramatic incidents how he proved he was no weakling. "The Dub" will be displayed at the Richmond Theatre tonight.

John Craig is the hero. It is a splendid Reid part and brings out the best aspects of courage and manhood. Caught in a tight place, Craig refuses to be drowned. Beaten, he refuses to acknowledge it, and he comes back for more punishment, solving a mystery and winning a beautiful girl in the bargain.

LAY PREACHER ON TRIAL

Henry D. Hall, of Maine, Alleged to Have Thrown Helpmate Into River.

Saco, Me., Jan. 29.—The State's case against Henry H. Hall, a lay preacher, charged with having beaten and choked his wife before throwing her from a railroad bridge into a shallow brook, resulting in her death next day, was outlined to the jury by the prosecution yesterday. The selection of a jury occupied only two hours. Two of the State's witnesses were heard.

Much stress was laid by the prosecutor on what he termed Hall's indiscretions with several women while pastor of a church at Wells Depot. He said witnesses would testify that the preacher had been warned by members of his parish to be more careful in his conduct.

It would be shown further, it was stated, that Hall had remarked to several persons that he did not intend to go through life with a sick wife on his hands.

Ernest J. Matthews, a railroad section foreman, testified to having seen Hall near the bridge on June 11. He said Hall told him his wife had lost her balance and had fallen to the rocks in the middle of the brook, and that Hall did not show any signs of grief.

PREFER WAR TO SHIP LOSS.

But People of Berlin Are Willing to Surrender Merchant Fleet For Food.

Amsterdam, Jan. 29.—War, rather than give up the German merchant fleet to the allies, is the cry of several German newspapers just received here.

The papers, all of them under the influence of Hamburg, Bremen and Cuxhaven shipping magnates, declare that rather than surrender the ships, as provided in the terms of the renewed armistice, they prefer to upset the present German government and break up the National Assembly. As a last resort, they are ready even to resume the war.

But the people of Berlin and other centers in Germany are of a different view. They want food quickly, and don't care whether it is carried in German ships or others. Reports received here indicate that the food situation in Germany is serious.

The second annual dance of the Imperial Club will be given at Odd Fellows Hall, North Columbus Street Thursday night, January 30. 23-2t.

LAY IN STOCKS OF LIQUOR

Public Shouters Against Curse of Drink Make Certain of Their Own Supply.

There is extraordinary bustle among the imbibers of strong drink in Washington. The Reed "bone dry" amendment will be extended to the District of Columbia by the pending Revenue bill. It is estimated that it will be less than a month before the President signs the Revenue measure, and the beginning of the long dry spell.

Against the coming drouth thousands of orders are being rushed to Kentucky, Maryland, Pennsylvania, New York and other "wet" spots. For the first time in the history of the national capital all of the notaries public are busy. Every order that goes out of Washington must be accompanied with an oath that the liquor purchased is for "personal use."

Under a recent decision of the Supreme Court it is unlawful for a person to carry intoxicating liquors from a wet State into dry territory, except for sacramental, scientific, medicinal and commercial purposes, even if borne on the person.

Many Congressmen, who shout for prohibition in public, but take frequent drinks in private, are laying in stocks. Washington went dry 14 months ago, but the law does not prohibit the bringing in of liquors for personal use. There has been occasional shortages of strong drinks, but the thirsty have succeeded in getting a quencher now and then. But the application of the Reed amendment will stop the traffic between people of the District of Columbia and "wet" centres. There will be a great falling off in the travel between Washington and Baltimore.—(Philadelphia Record.

BOARD OF ALDERMEN

Seven members of the Board of Aldermen attended the meeting last night. No new business was presented, and the board concurred by unanimous votes in the action of the Common Council in all papers sent in save upon the petition of the Alexandria Auto Supply Company for permission to place a gasoline tank on the east side of Washington street, near King. All the members, however, spoke in favor of granting the petition, but inasmuch as the Mayor some time ago voted the action of Council in granting the company this permission, it was deemed advisable to lay the petition upon the table until the next meeing in order that furher information may be obtained.

His wife, on the other hand, maintains a cheerful disposition and shows an interest in the welfare of the people living near the castle where she is living. The correspondent says:

"The former Emperor is being gradually deserted by everyone. He receives practically no visitors, and his formerly voluminous correspondence has become very small."

SECRET BRIDE IS DEAD

Despondency Over Husband Killed in France Believed Responsible for Act—Autopsy Disclosed Chloroform Self Administered.

Englewood, N. J., Jan. 29.—Despondency over the death of her husband whom she secretly married a year ago, is today accepted as the cause for the suicide of Miss Azeesile Packwood, whose body was found on the Palisades Sunday.

An autopsy has disclosed that the young widow died from the effects of chloroform, self-administered. She had been frequently seen walking along the Palisades. The body was found on a ledge, several weeks after the woman had swathed her head in bandages soaked in chloroform.

The inquiry has developed that about one year ago Miss Packwood, who was the daughter of a wealthy Florida real estate operator, went to New York to study music. There she met and married a Major Fenton of the United States army. She kept the marriage a secret, joined the Red Cross and followed her husband to France, where she worked at one of the Red Cross hospitals. Later Major Fenton was reported killed.

Returning to America, after the signing of the armistice, the girl sent most of her belongings to her former home in Tampa, Fla., and ceased writing to her father. He became alarmed and communicated with the Red Cross who gave him the first notice of his daughter's marriage.

Candido Aguilar, formerly minister of foreign relations, operating in the State of Vera Cruz, have captured the headquarters of Feliz Diaz and his chief adherent, Pedro Gabayx, which were located on the Garrisal mountains. Recently a number of Spaniards were deported from Vera Cruz on a charge of assisting the Diaz adherents.

BRITAIN'S PEACE ARMY

London, Jan. 29.—Three men out of every four now in the British army will be demobilized, which means that an army of about 1,000,000 will be maintained. More pay is also promised those retained in the service.

These were among the moves decided on at a meeting yesterday of the cabinet, when demobilization was discussed. It is said that the cabinet was convinced it would be several months before voluntary enlistments would be had to keep up the strength of the army of occupation and safeguard Britain's interests in various parts of the world.

With these facts before them, the cabinet plans to release from the army those soldiers who have seen the most service.

BOATS TO BEACH IN SERVICE

Colonial Beach, Va., again has boat service after having been cut off from Washington for over a year by the withdrawal for government work of the boats of the Colonial Beach Company. The United States railroad administration has ordered the steamers of the Baltimore line, belonging to the Maryland, Delaware and Virginia Railway Company, to make regular stops at Colonial Beach.

The town was almost entirely cut off last winter by the destruction of freight and passenger wharves by the ice. A new wharf has been built. The Colonial Beach Society of this city, which includes residents having cottages at the resort, and its attorney William E. Lamb, were active in presenting the case to the railroad administration.

The steamer Northumberland, now running, touches at the beach twice a week, Monday on the down trip and Friday on the up trip. The summer schedule to be resumed early in April, provides for boats leaving here Monday, Wednesday and Saturday at 4.30 p. m., returning Tuesday, Thursday and Sunday.

INGOMAR—"The Narrow Path."

"The Narrow Path," at the Ingomar tonight, is a five reel Extra Selected Fannie Ward Photoplay.

"The Narrow Path" is a strong virile drama of American life—a page to scan—torn from the Book of Life! It presents a story as old as the pyramids, and yet a story that is ever new! A tale of a modern Belshazzar and his feastings; of a woman's trustfulness and her penalty; a drama of the straight and narrow way leading to happiness and the broad way leading to destruction!

AID TO NEIGHBORS

Much of the time of the Common Council was consumed last night in discussing a communication from Mayor Fisher returning to the board a paper giving the Chief Engineer of the Fire Department permission to render aid to Alexandria and Fairfax counties, at his discretion, when fires may occur in those localities. The objections of the Mayor were finally sustained by a vote of 10 to 5. Later the matter was recommitted to the Commitee on Fire. The Mayor's objections were sustained by a unanimous vote when his communication reached the Board of Aldermen, and the action of the lower board in recommitting the paper to the committee was concurred in.

The Mayor in returning the paper calls attention to the fact that the General Assembly of Virginia authorizes the City Council, in its discretion, to render aid in cases of fires occurring beyond their corporate limits, prescribing the conditions on which such aid may be rendered. Continuing his honor says:

"No conditions are suggested in this paper which is termed a motion. A blank authority is given the Chief, presumably the Chief of our Fire Department, or the Chief Engineer of the Fire Department to respond to fires at any time, to order the Fire Department to go anywhere, but where is the power to make them go or punish them for not going? I have never understood why we are willing for all times (when Alexandria and Fairfax Counties brag that they are increasing in riches) continue to assist them when they will do nothing for themselves. Certainly an engine if owned and operated by Alexandria County and Fairfax County people would or should be able to look after their own dangers and not depend or call upon us. Washington City would not help us if we displayed no disposition or intention to help ourselves. The two counties have had ample time to provide themselves with fire-fighting facilities.

"Motor engines should be purchased by the Counties as they themselves are growing in population, for just as long as we respond with our fire department, just so long will Alexandria City have to pay the cost. A large fire is just as liable to happen in the Corporate Limits at such time as at other times.

"My disposition to refuse approval of this paper is based upon no objection to the Chief of the Fire Department or the Fire Committee authorizing the response to such calls, but only an endeavor on my part to check the danger that we assume in the passage of this paper without its reference to a committee, which if we intended to embark on such a cause, certainly conditions could be discussed and rules, and times should be limited for the counties to provide for the proper organization of their Fire Department I am opposed to helping those who are unwilling to help themselves."

WARNING TO AUTOISTS

A special session of the Police Court was held last night to investigate a collision of automobiles a few days ago at the intersection of Cameron and Pitt streets. Both machines were in charge of youngsters, one not having attained his sixteenth birthday. From the evidence it was apparent to the court that due care had not been taken by either party in approaching the intersection, and no fine was imposed, but each was told he must bear his own loss in the way of damages to the machines.

During the investigation of the case it was shown no person under sixteen years of age could be granted a license to operate an automobile, and that when children are placed in charge of such vehicles their parents, or whoever may own the same, will be held responsible in case of accidents or violation of the traffic laws.

Little boys and girls are often seen holding the wheels of automobiles, and they sometimes exceed the speed limits. It is hoped all interested, who may read this will take due notice and act accordingly.

There seems to be an erroneous impression upon the part of some automobilists that having the right of way on streets running east and west that they are allowed to run at high speed past the intersections, while others operating machines on streets running north and south often make short turns, regardless of autos which may be coming from the east or west. Great care should be taken by both. There is plenty of room on all thoroughfares, and if the traffic law is obeyed the danger of collisions will be minimized.

The driver of an auto was before the Police Court shortly after seven o'clock this morning on the charge of running by an electric train on King street while passengers were boarding it. The autoist later ran, it was alleged, at the rate of tweny-five miles an hour on South Fairfax street. He was fined $10.

At a later session of the court two other persons were assessed $10 each for speeding on South Alfred street.

DECLINE IN PRICES

Wholesale food prices have been going down at large city markets from the Atlantic Coast to the Rockies. In some cases retail prices are already declining, according to information obtained from the Bureau of Markets, Department of Agriculture. This will be welcome news to the great majority.

From Denver to Boston declines in wholesale prices are reported on butter and eggs, ranging up to 11 cents for butter to 10 cents a dozen for eggs.

Wholesale quotations on Western beef went off from $1 to $2 a hundred pounds last week, while mutton and pork also registered decreases.

The greatest range was at New York, where good dressed steers declined from $28.50 a hundred on January 10 to a range of $22 to $23.50 for January 24. Boston dressed beef quotations for the same dates showed similar decreases.

Lamb prices declined from $2 to $4 the past week, which left them at a level of from $7 to $8 at Boston and from $10 to $12 at New York below prices for the week of January 10.

Philadelphia reports the canned goods market demoralized, while in other cities slight decreases in prices or retarded movement from wholesaler to retailer are shown. Tomatoes went off 10 cents a dozen cans wholesale in Philadelphia and dealers elsewhere are reported ready to unload stocks at lower prices.

Slight reductions in flour are reported from Cleveland and Detroit, while at Buffalo bread is down 1 cent retail on pound and a half loaves.

EACH U. S. SOLDIER ABROAD COSTS $2,000 A YEAR

It will cost the government $2,000 a year to maintain each soldier abroad.

This was the estimate given before the House Committee on Apropriations by Brig. Gen. Robert Wood in the course of the hearing relative to appropriations for the army.

"Two thousand dollars?" questioned one member of the committee incredulously.

"Yes, $2,000—that is including transportation, and even when the soldier is not in active operations," replied General Wood.

A Resident Known to all Our Readers Relates an Experience.

Readers of the Gazette have been told again and again of the merits of that reliable, time-proved kidney remedy—Doan's Kidney Pills. The experiences told are not those of unknown persons, living far away. The cases are Alexandria cases, told by Alexandria People.

William L. Nalls, 534 S. Patrick St., Alexandria, says: "My back ached all the time and the pains through my loins were so severe I thought they would kill me. My kidneys caused me a lot of annoyance. Nothing did me any good until I got Doan's Kidney Pills at C. W. Summer's Drug Store. A few doses relieved the misery in my back. I used three boxes and they put my kidneys in good condition and my back has'nt caused me any trouble since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nalls had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

MURDER MYSTERY

Doctor, Whose Wife's Body Was Found in James River, Posed, It is Said, as Single Man.

Richmond, Va., Jan. 29.—With the positive identification of the James River victim as the body of Mrs. Wilmer Amos Hadley, police yesterday obtained the promise of a nurse employed at the West Hampton Military Hospital that she will do all in her power to assist in the apprehension of the army surgeon. She is to be the State's chief witness.

The identification was made definite by Mrs. A. H. Evans, wife of A. H. Evans, president of the Evans Chemical Company of Cincinnati, sister of the dead woman. She collapsed immediately after she had made the identification by means of dental work, and is reported in a critical condition in her room at the hotel.

In the promise of the nurse at West Hampton Hospital, who, the police claim, admitted to them she was engaged to the doctor and expected to marry him at an early date, the authorities believe they have established a motive for the killing of Mrs. Hadley.

The nurse comes from a well-known Northern family, having taken up nursing as a patriotic duty. She said so the authorities claim, that Dr Hadley represented himself to her as a single man. Others at the military hospital say that Hadley had informed them his wife had left him some time before and a divorce suit was pending. Hadley, the police claim, gave the nurse a diamond engagement ring.

Authorities arranged with the Evans family to retain possession of the body of the river victim for the time being. It is claimed it will be needed should Dr. Hadley be apprehended in the nation wide search now going on.

At the private rome of the Clarkes, where the Hadleys roomed, it was learned that Mrs. Hadley had frequently mentioned that they had a country lodge in the mountains of West Texas and that as soon as he was released from the service they would go there for a vacation. Texas authorities telegraphed last night they were hot on the trail and expected to have the doctor in custody shortly.

The belief exists here that Hadley has gone to the mountain lodge and Texas officers are now on the way there.

NAVAL AVIATOR KILLED

Ensign Clarke Hits Pier After Dropping Note to His Wife.

Norfolk, Va., Jan. 29.—Ensign James A. Clarke, attached to the aviation section of the Hampton Roads naval base, was fatally injured late yesterday afternoon when a big hydroplane which he was piloting crashed into the boat pier of the country club on the Lafayette River, five miles from the city. Lieut. Noel E. Stinsbury, who was in the plane, escaped uninjured.

Ensign Clarke was flying low over the country club in order to drop a note to his wife, who resides at the club. In attempting to glide higher, after dropping the note, one of the wings of the machine struck a tree, then swerved and struck the water. When the plane struck the pier Sainsbury ducked into the cockpit, but Clarke's head was caught by the pier and crushed. He died shortly after reaching the naval hospital.

WORK OF PEACEMAKERS

Supreme Council Hears Demands of Various Nations for Share.

Paris, Jan. 29.—The Supreme Council of the Peace Conference held two sessions yesterday, at both of which the future of conquered colonies was discussed. In addition to continuing the consideration of those in the Pacific and Far East, former possessions in Africa were taken up. Representatives of the British Dominions, China, Japan, Italy and France were heard.

Armenian representatives at a meeting Monday night voted to forward to the Peace Conference and the parliaments of the Allied governments a resolution protesting against the nonrecognition of Armenia as a co-belligerent and the refusal to admit its delegates to the Peace Conference.

The resolution declares that, in addition to refusing officers from Germany and Turkey, the Armenians embraced the Allied cause at the first opportunity and fought side by side with the Allies until the end.

A Splendid Tonic

Says Hixon Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn., —"About 10 years ago I was," says Mrs. J. B. Gadd, of this place, "I sufferd with a pain in my left side, could not sleep at night with this pain, always in the left side

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still

I at first let it go, but began to get weak and in a run-down condition, so I decided to try som more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. I have no return of this trouble.

I feel it was Cardui that cured me, and I recommended it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.
